VIGNESH R

FRONTEND DEVELOPMENT

PROFESSIONAL SUMMARY

I'm a passionate front-end developer with extensive experience of JavaScript, HTML, CSS, and React.js. My history of writing excellent code and emphasizing cross-browser compatibility speaks for itself. My ability to efficiently translate design thoughts into visually stunning interfaces is facilitated by my mastery of UX principles. My commitment to continuous improvement and keeping up with industry developments inspires me to develop outstanding online experiences.

Web Design

PROJECT EXPERIENCE   2023 - Present

Besant Technologies Institute
Frontend Development

- Acquired a basic understanding of HTML to create content for websites.
- learned how to style and create responsive web interfaces using CSS.
- In order to give websites functionality and engagement, I learned the fundamentals of JavaScript.
- learned the fundamentals of React.js to create dynamic and engaging user interfaces.

PROJECT   2023

Frontend Development

Github Link - https://github.com/vigneshvickyr19

Using HTML, CSS, and JavaScript, I worked quickly to produce a front-end project that is both responsive and easy to use. created Overzied-Tshirt from the ground up with an emphasis on an online store. created an easy and aesthetically pleasing user interface to offer the user a complete development experience.

- HTML was used to boost SEO, guarantee accessibility, and arrange the content of websites.
- For styling and layout, responsive design concepts and new design techniques were incorporated into CSS.
- To add dynamic functionality, such animation, authentication, and my own interactive pieces, I used JavaScript.

COURSE   2023

Fontend developer course

The primary goal of the course is to provide students a thorough understanding of HTML, CSS, and JavaScript-the fundamental components of any website or web application. In order to improve the overall user experience, I employ cutting-edge technologies like React JS and effective design to construct responsive and user-friendly interfaces during the course. I also gain practical experience putting concepts into practice.
